

# Create your own graphics with DG3's Online Graphics Generator

The last few years have brought data visualization into the world of disclosure design and communication. DG3 has developed a secure, web-based data visualization tool which enables you to create beautiful graphics without any special software.

- Manage your own graphic creation, design and edits
- Integrated with DG3's Disclosure 2.0 suite of document management tools
- Output web and print ready files, 24/7/365
- Store all of your graphics in a personal library for easy retrieval and editing
- Retain control of your graphics, reduce risk and save time

Communicate with confidence. Test data sets, create clear and elegant graphics in minutes to enhance your investor presentations, board books and SEC disclosure.

## STEP 1: CHOOSE YOUR STYLE

## STEP 2: INSERT AND CUSTOMIZE YOUR DATA

Pay Element	Percentage	Aligned to Shareholders
Stock Options	51%	<input checked="" type="checkbox"/>
Performance Based LTI	25%	<input checked="" type="checkbox"/>
Restricted Stock	14%	<input checked="" type="checkbox"/>
Base	10%	<input type="checkbox"/>

Choose from the following to customize your graphic

- ✓ Color
- ✓ Font
- ✓ Orientation
- ✓ Data markers
- ✓ Drop shadow
- ✓ Legend location

## STEP 3: PUBLISH YOUR GRAPHIC

- ✓ Output files for simple copy / paste into your documents and presentations
- ✓ Store your graphics in a personal library
- ✓ Include notes to track data sets
